

ATTENDANCE MANAGEMENT SYSTEM

- The Attendance Management System is a modern digital platform designed to automate, simplify, and enhance the process of attendance tracking in educational institutions. Instead of relying on traditional paper-based methods, this system provides a faster, more efficient, and user-friendly way to record, manage, and analyze attendance. It reduces manual errors, saves administrative time, and ensures transparency between students and faculty.
- The system also integrates additional academic features such as dashboards, timetables, assignment management, and announcement updates—making it a complete academic management solution for students, teachers, and administrators.

The website achieves several major goals:

- Provides secure login access for students, teachers, and administrators.
- Automates attendance marking and eliminates manual record-taking.
- Helps students track attendance percentage and view subject-wise attendance.
- Offers a clean and structured dashboard showing important academic updates.
- Provides quick access to the daily or weekly timetable.
- Supports assignment upload, submission, and review.
- Displays important updates and notifications on the announcements page.
- Enhances communication and academic transparency within the institution.

Dashboard

The Dashboard is the central hub of the entire system. After logging in, users are presented with a set of quick-access cards showing essential information. Students can view:

- Current attendance percentage
- Total attended vs. total classes
- Upcoming classes and schedules
- Pending assignments
- Latest announcements

Teachers can view:

- Tools for marking attendance
- Assignment management options
- Class schedules and updates

The Attendance Maintenance section is the core functional area of the platform. It keeps all attendance information organized, up to date, and easily accessible.

For Students:

- View daily, weekly, and monthly attendance
- Check subject-wise attendance records
- Understand attendance percentage clearly
- Identify low-attendance subjects and areas needing improvement

For Teachers:

- Mark attendance quickly and accurately
- Edit or correct previous entries
- Generate attendance reports for any time
- Access class-wise or subject-wise attendance lists

Visual graphs and statistics make understanding attendance simple and transparent. The system eliminates the possibility of manipulation or human error.

Time Table

The screenshot shows the EduTrack application interface. On the left is a sidebar with a blue header "EduTrack" and a dark blue background. It contains five menu items: "Dashboard" (selected), "Attendance", "Timetable" (selected), "Assignments", and "Announcements". Below the menu is a "Dark" theme switch. The main content area has a light gray header with a search bar "Search (students, assignments, announcements)" and a user icon "Administration School Admin". A blue button "Add Period" is in the top right. The main section is titled "Timetable" and contains a table titled "Weekly Timetable". The table has columns: Day, Period, Subject, Teacher, and Action. One row is shown: "Monday" in the Day column, "1" in the Period column, "UI & UX" in the Subject column, "Prabha Mam" in the Teacher column, and two buttons "Edit" and "Delete" in the Action column. At the bottom of the main section is a small copyright notice: "© 2025 EduTrack • School Management".

The Time Table Page provides a complete academic schedule for students and teachers.

Key Features:

- Displays daily, weekly, or monthly timetable
- Shows class timings, subjects, faculty names, and room numbers
- Highlights ongoing and upcoming classes
- Helps with planning and time management
- Reduces confusion about schedule changes

This section ensures that users always have access to the correct class timetable, improving punctuality and preparation.

Assignments Maintenance

The screenshot shows the 'Assignments' section of the EduTrack platform. On the left, there's a sidebar with a blue header 'EduTrack' and a dark blue background containing navigation links: 'Dashboard', 'Attendance' (with a checked checkbox), 'Timetable', 'Assignments' (which is selected and highlighted in blue), and 'Announcements'. Below these is a 'Dark' theme switch. The main content area has a light gray header with a search bar 'Search (students, assignments, announcements)'. The title 'Assignments' is displayed above a table. The table has columns: 'Title', 'Class', 'Due', 'Status', and 'Action'. A single row is shown: 'UI & UX', '4X1-14', '17-11-2025', 'Open', and two buttons 'Edit' and 'Delete'. At the bottom right of the main area, it says '© 2025 EduTrack • School Management'. In the top right corner, there's an 'Administration' section with a user icon and 'School Admin', and a blue button 'New Assignment'.

The Assignments section serves as a digital workspace for managing academic tasks.

Students can:

- View all assignments uploaded by teachers
- Download assignment files or instructions
- Check due dates and submission status
- Upload completed work directly through the system

Teachers can:

- Upload new assignments with descriptions and files
- Set deadlines and grading criteria
- Review student submissions and track completion
- Provide grades and feedback through the system

This module makes assignment tracking and submission organized and efficient. It reduces delays, misunderstandings, and last-minute confusion.

General Announcement Page

The screenshot shows the 'Announcements' section of the EduTrack platform. The sidebar on the left has a 'Dark' theme switch. The main content area features a search bar and a 'Post Announcement' button. The 'Announcements' section is titled 'Announcements' and contains an 'Announcement Feed' with one item: 'General' posted on 17/11/2025 at 13:51:51. The announcement text is: 'Model lab starts from 17-11-2025 to 29-11-2025. Prepare well for Semester Exam. All the best !!!'. There are 'Edit' and 'Delete' buttons for this announcement. The footer includes a copyright notice for '© 2025 EduTrack • School Management'.

The General Announcement Page works as a virtual notice board for the entire institution. All important updates such as exams, events, holidays, deadlines, and emergency notifications are posted here.

This page ensures:

- Students never miss important updates
- Transparent communication between staff and students
- Instant access to the latest academic information
- Organized display of announcements in chronological order

It removes the need for physical notice boards and keeps everyone updated in real time.

Overall Description

The Attendance Management System is a complete academic solution built to modernize and streamline the workflow of educational institutions. By integrating attendance tracking, timetable viewing, assignment management, and announcements into one platform, it significantly improves communication, reduces manual effort, and enhances productivity.

The system provides:

- Accuracy in record-keeping
- Improved academic management
- Real-time access to information
- User-friendly navigation and design

With its structured interface and smart features, the Attendance Management System becomes an essential tool that supports students, teachers, and administrators in maintaining a smooth academic environment.
